Louisiana Board of Ethics,

I am requesting an advisory opinion on the recent events that have taken place in Desoto Parish by the Desoto Parish Police Jury. On May 9 2016 the Police Jury dissolved the EMS Board that has governed daily operations, budgets and personnel since 2001. Jury members have been coming by the Central Station and have assumed the duties of the previous board. It is my understanding from comments from some members of the Police Jury that they are going to appoint a new EMS Board with all new members soon. My question is can the Police Jury dissolve a board and appoint a new board with all new members when the other board members term was not finished?

I am a Paramedic employed by Desoto Parish EMS.

Sincerely,

John Woodfin
